3-Day Orientation Program by School of Design and Digital Transmedia

The School of Design and Digital Transmedia at Dayananda Sagar University conducted a three-day orientation program from January 20th to 22nd, 2025, where faculty members introduced students to their respective specializations. The sessions covered key areas such as UI/UX design, Animation and VFX, Product Design, Game design, and emerging technologies, helping students understand their academic and career paths.

Through interactive discussions, live demonstrations, and Q&A sessions, students gained valuable insights into industry trends and practical applications. The program encouraged engagement, curiosity, and exploration, allowing students to align their interests with their coursework. By showcasing real-world applications, the orientation inspired students to develop their creative skills and build a strong foundation for future learning.

Faculty Counselling at Marketing Events

We are happy to share our faculty member proactively engaging with marketing team to achieve shared goals.

Prof. Suraj BS actively engaged with parents and students in Edu-fair on Dec 21st and 22nd 2024, at Bangalore. His contributions not only enhance our institution's reputation but also enrich the learning experiences of prospective students, who benefit greatly from their expertise and industry insights.

Discipline and Its Importance in Student Life

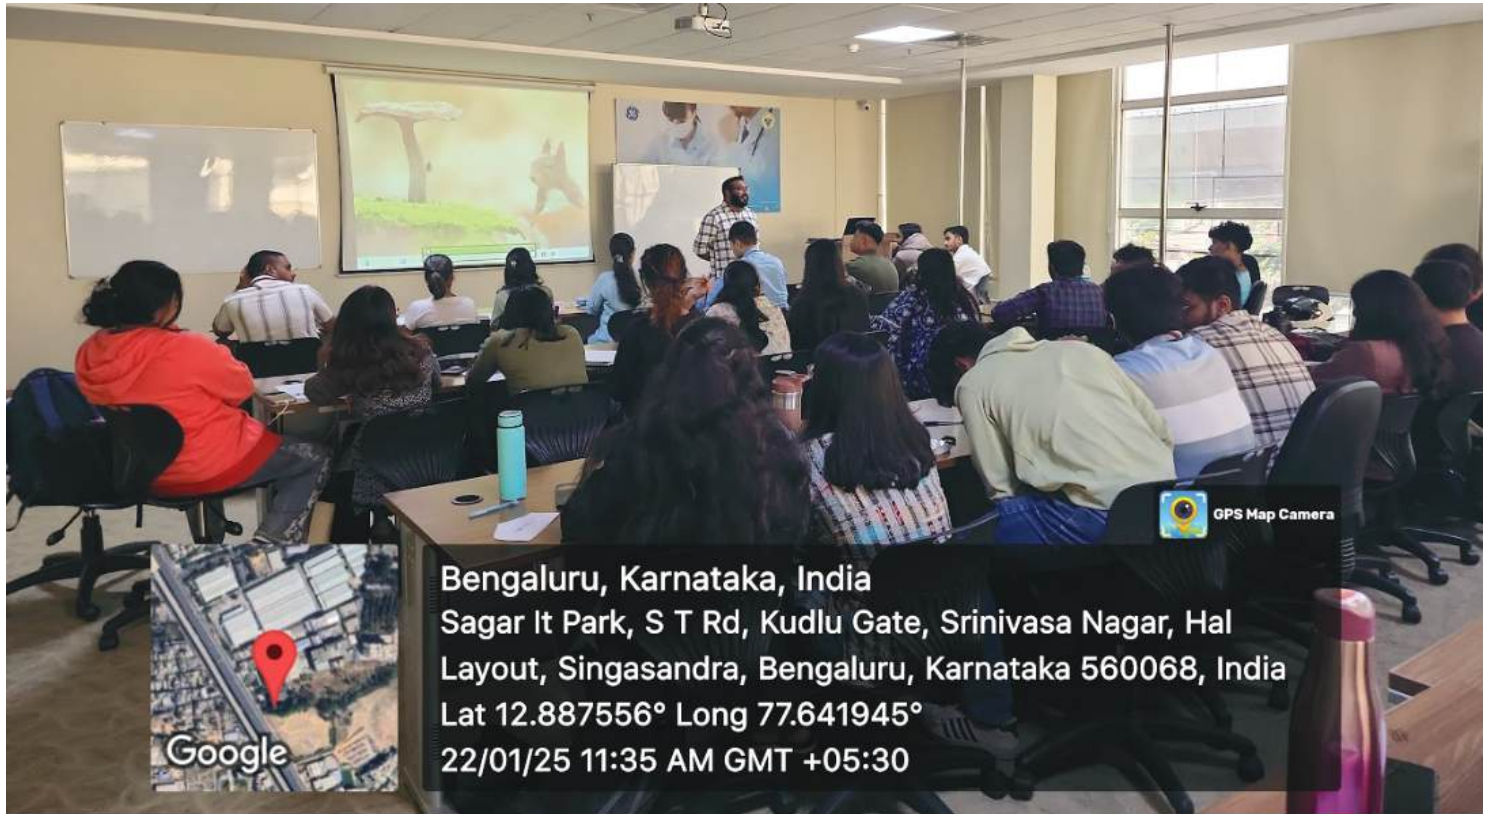

Session by Bhagya Jyothi Ma'am (Sports Head) for Design and Digital Transmedia Students

A discipline session was conducted by Bhagya Jyothi Ma'am, the Sports Head, for the students of the Design and Digital Transmedia department. The session focused on the importance of discipline in academic and professional life, emphasizing punctuality, responsibility, and respectful behavior. She highlighted how maintaining discipline contributes to personal growth and success, both in academics and extracurricular activities.

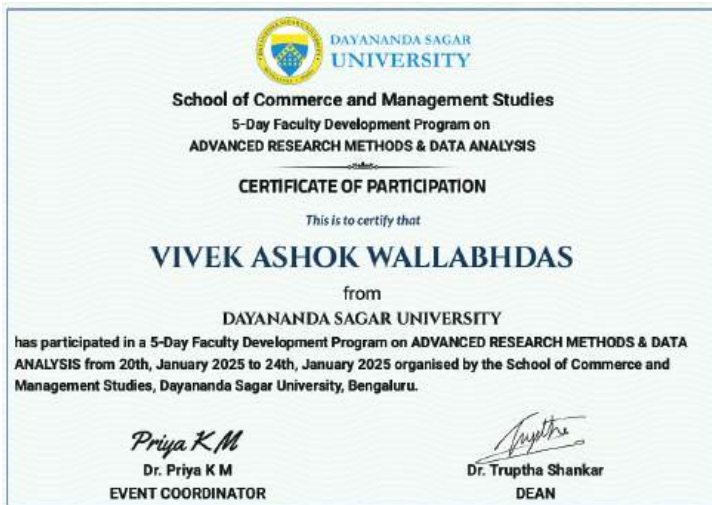

Workshop

Future Trends in Design Careers

The School of Design and Digital Transmedia at Dayananda Sagar University recently hosted an insightful workshop for all students of design, focusing on the traits of future design jobs, led by Mr. Vignesh Ravichandran, Assistant Professor at M S Ramaiah University of Applied Science, the workshop provided a comprehensive overview of various design disciplines. With over a decade of experience in product design and interaction design, Mr. Ravichandran shed light on the roles and responsibilities within Product design, UI/UX design, Game design, and Animation/VFX. The session also explored the crucial role of design research and offered valuable insights into the current job market, equipping students with the knowledge needed to navigate their future careers in the dynamic field of design.

Faculty Development Program (FDP) Faculty Members of School of Design and Digital Transmedia Successfully Completed 5-Day FDP

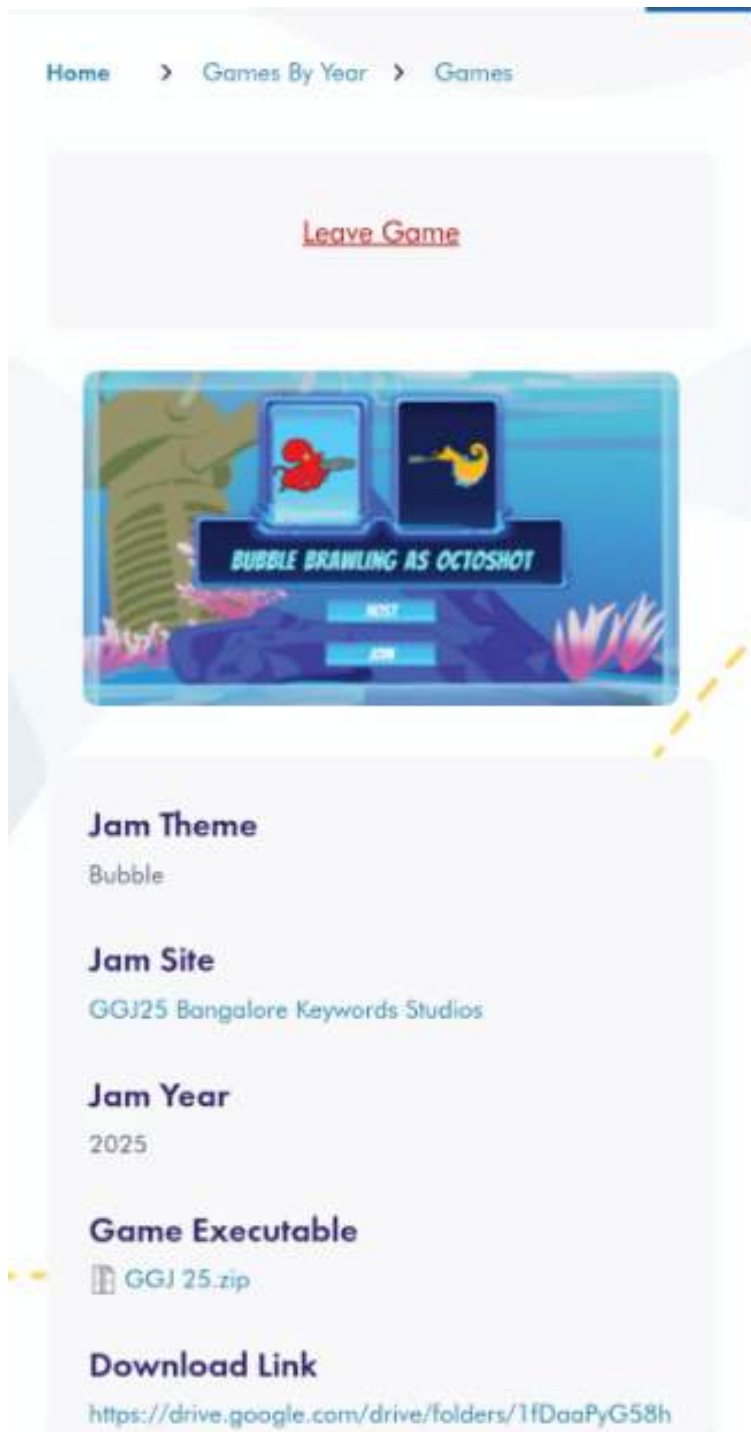

Exploring Motion Graphics and VFX: Seminar by Prof. Varun at Christ College

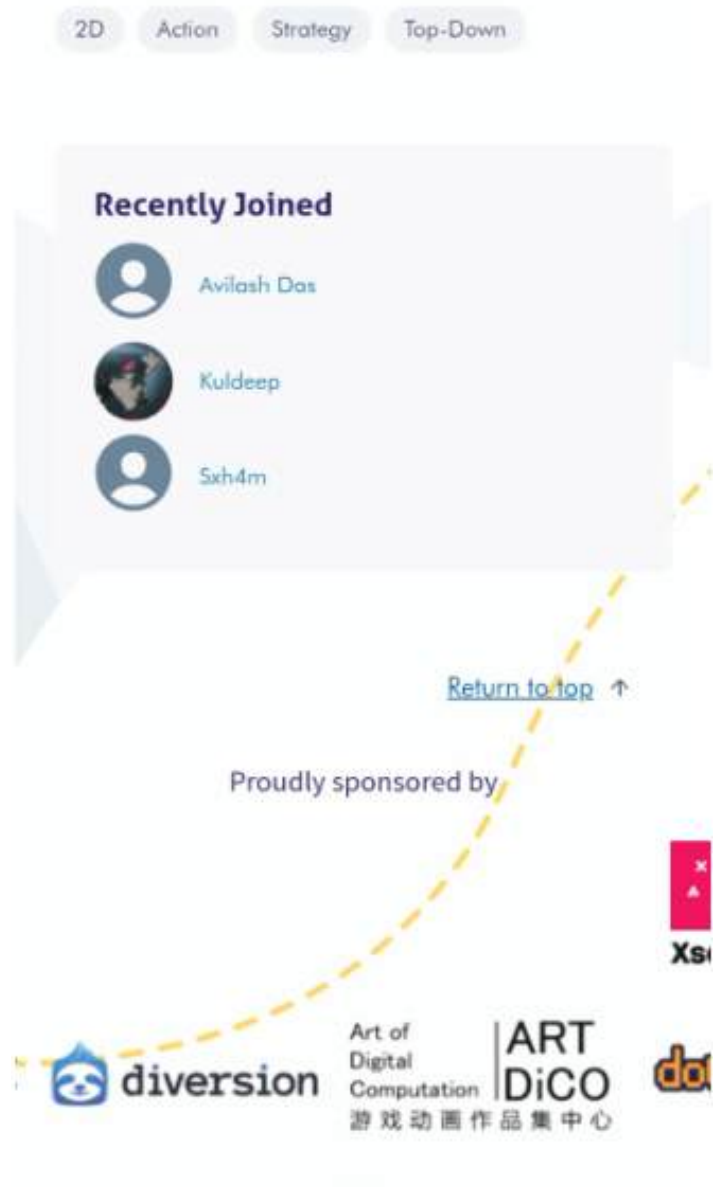

Prof. Varun conducted an insightful seminar at Christ College for Media Studies students on Motion Graphics and VFX. He covered industry-standard tools like Adobe After Effects and Premiere Pro, explaining key concepts such as keyframing, compositing, masking, and animation principles. The session featured live demonstrations, hands-on exercises, and a Q&A segment, providing practical insights into VFX and video editing. Prof. Varun showcased seamless transitions, special effects, and professional-quality edits, inspiring students to refine their skills. His expertise and engaging approach made the seminar highly valuable for aspiring media professionals.

Soham Adhikary (II Sem) Shines at Game Jam 2025 with Bubble Brawl

-> Game is stuck on connecting screen after clicking on Host or Join - Try adding GGJ 25.exe to your firewall exception list.

-> Can't join a friend's game - Try switching to the same network if possible or have fun with Botshot.

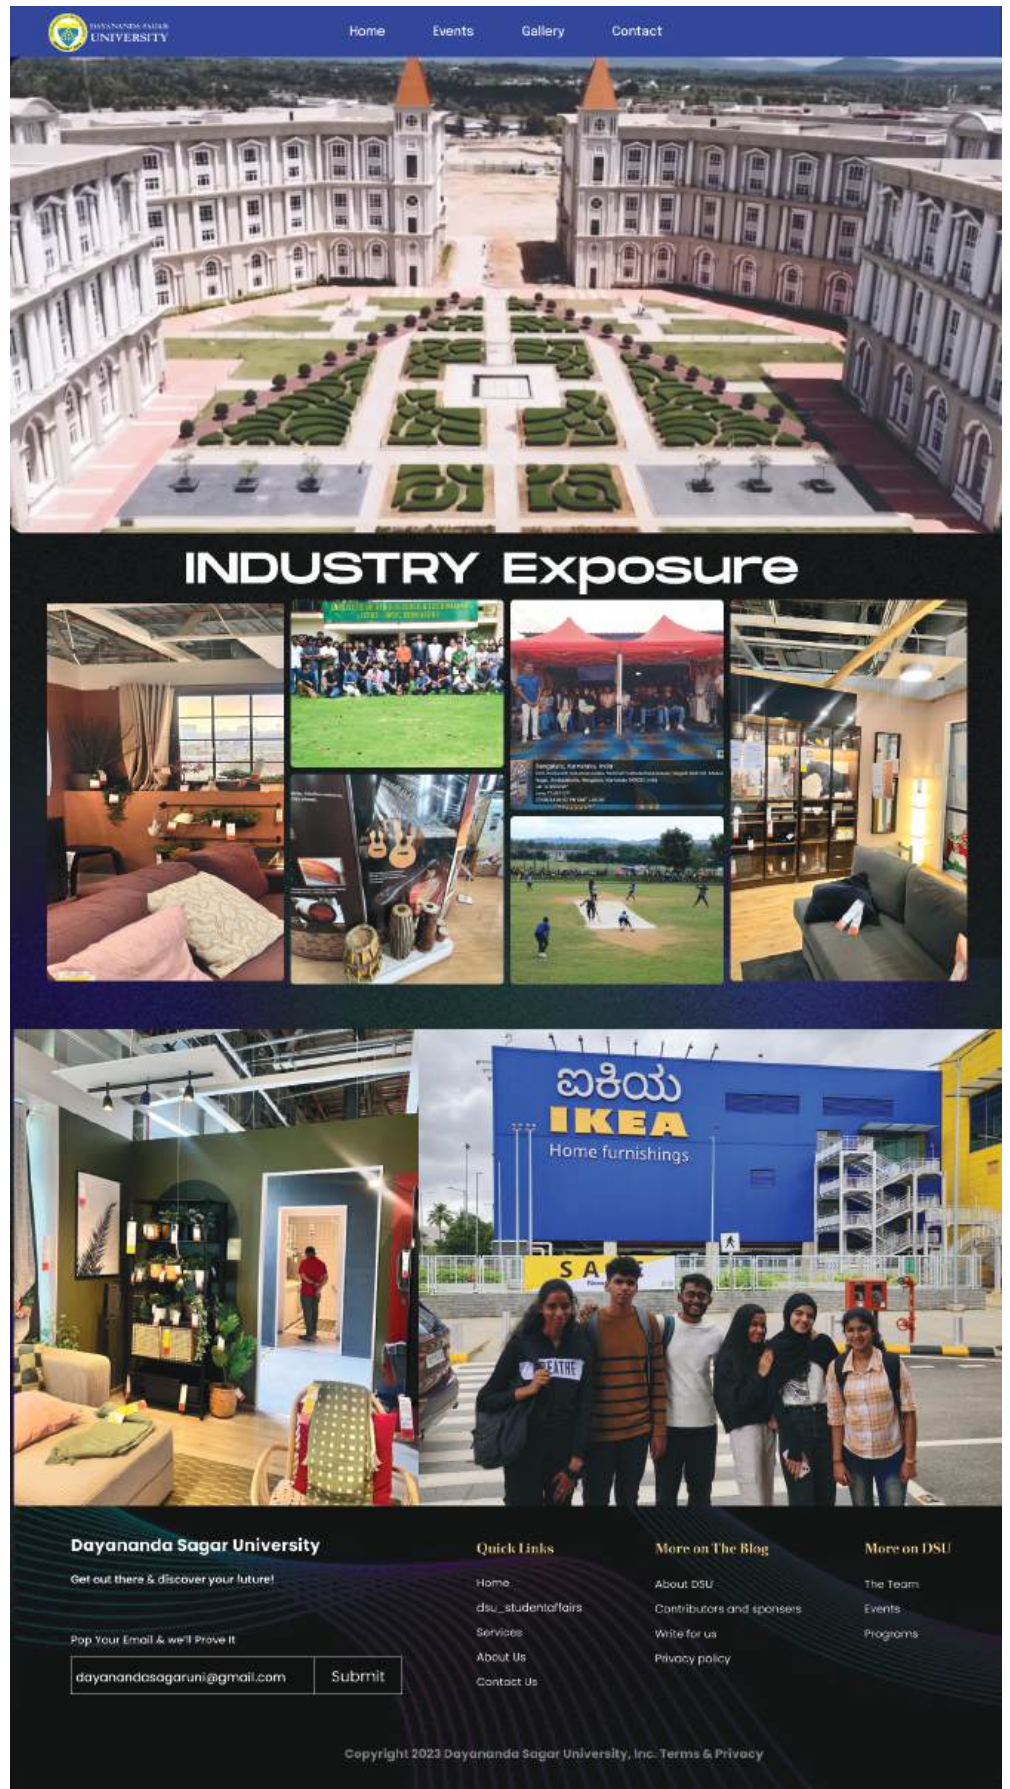

Soham Adhikary's participation in Game Jam 2025 was a remarkable achievement, demonstrating creativity, technical skills, and perseverance. Bubble Brawl stands as a testament to his ability to develop engaging and competitive multiplayer experiences within a short timeframe. This event has further inspired him to refine the game and explore future opportunities in game development.
