

Report on "Geriatric Health Screening Camp" at Physiotherapy OPD, COPT, DSU

Event summary:

DATE: 02/08/2022

TIME: 9:00AM TO 4:00PM

PLACE: Physiotherapy OPD, Kumaraswamy Layout, Bengaluru-560111

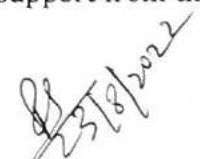

Total Participants: 68

On account of the commemoration of the Sagar Centenary Year, the College of Physiotherapy, DSU organized a FREE "GERIATRIC HEALTH SCREENING CAMP". Awareness about the camp was brought to the public by door to door campaign to the residences around the campus, by meeting the senior citizens in the nearby parks and laughing clubs, distributing pamphlets and getting the names registered through a Google form. We communicated all the schools, colleges and departments within the Campus 1 of DSU through email and encouraged families of interested staff to register. We recorded 210 registrations by August 1st evening. On the day of the camp, the event was inaugurated by Dr. Pushpa Sarkar, the Dean, SAHS, DSU. The College of Physiotherapy also launched the "Geriatric Club" on this occasion. The Principal, faculty members and the students of the College of Physiotherapy were present. Dr. Pushpa Sarkar, in her inaugural speech pointed out the importance of being healthy and active during the old age and the purpose of the geriatric club.

The camp was structured wherein the individuals were to move sequentially from one station to another to complete their health evaluation and ultimately have a consultation with the consultant doctor/ physiotherapist for specific recommendations based on their test reports. Following the recording of the demographic data, the participants were administered a quality of life questionnaire, the BMI and BP were recorded, bone density assessed, and the random blood sugar was analyzed with the help of a glucometer. The participants were evaluated for the perception of sensation of the foot in order to evaluate the possible risk of diabetic peripheral neuropathy. Parallel to this, there was a patient education session on the topics of "Promotion of wellness with lifestyle modification" and "Dealing with health issues encountered during the old age" conducted by Dr. Srihari Sharma and Dr. Gayathri respectively. The information regarding the geriatric club, the facilities and benefits of being a member was given by Dr. Suchetha and Dr. Kanchan. Recreational activities were arranged for the participants and good performers were encouraged with incentives. The participants were provided with refreshments in-between and light food was provided for all.

The event was coordinated by Dr. Srihari Sharma K N and Dr. Gayathri with support from the 1st and 2nd year MPT and 4th Year BPT students of DSU.
