REPORT ON BLOOD DONATION CAMP AT PHYSIOTHERAPY OPD, COPT, DSU

DATE: 14/06/2022

TIME: 9:30AM TO 5:00PM

**PLACE: Physiotherapy OPD, College of Physiotherapy, Dayananda Sagar University
Kumaraswamy Layout, Bengaluru-560078**

Total units of blood collected: 139

A "BLOOD DONATION CAMP" was organized by the College of Physiotherapy, Dayananda Sagar University on the occasion of "World Blood Donors Day" on 14/06/2022 in association with Rashtrorathana Blood Center and Sagar Hospitals Banashankari from 9:30am-5:00pm. The main purpose of this event was to bring awareness regarding importance of blood donation and to encourage blood donation. A day prior to the camp, i.e. on 13/06/2022, a team of 15 physiotherapy students led by Dr. Srihari Sharma, Faculty, COPT, spread the awareness on blood donation by visiting the Degree College, DSI; Management and Polytechnic Colleges, DSI; Mechanical, Computer Science and other departments of DSCE in an attempt to make the students aware of the benefits of blood donation and to educate about the facts and myths about the blood donation. Three counters were placed in the locations most visited by the students within the campus and facilities for registrations created. We could reach around 800 students through this drive.

On the day of the event i.e., 14th June 2022, the program commenced by a formal inauguration done by Dr.Pushpa Sarkar-Dean School of Allied Health Sciences, DSU. Dr. Vijayakumar-Principal College of Physiotherapy, DSU was present. The blood bank team as well as the faculty members belonging to COPT and other departments, were greeted florally and the introduction done.

A total of 112 volunteers had registered online through the Google registration form and 165 donors turned out to be present in the venue on the day of the camp. A total of 139 units of blood (109 units at OPD premises and 30 units was drawn from the donors under Rashtrorathana Blood Centre and Sagar Hospitals, Banashankari Blood Bank) respectively. Eight volunteers could not donate blood due to rejection citing medical issues and the others, though willing could not donate due to time constraints. While majority of the donors were from within

the campus, 4 from the public also participated. Ms. Shruti, a differently abled individual and the student of RV engineering student who resides in Vasanthapura contacted the organizers after getting the information of blood donation camp through pamphlet and expressed her intense willingness to donate blood and asked for a provision of blood collection from home. Since this was not feasible, she has been promised to be transported to Sagar Hospital on any convenient day for her to experience the feel of Blood Donation.

The camp was concluded by felicitating the blood bank team. All the volunteers were encouraged with a certificate of appreciation.

The organizers:

Final Year volunteers -

Mr. Karthik, Mr. Koushik, Ms. Ramya, Ms. Tejaswini, Ms. Rodali, Ms. Shaista, Ms. Rouquayah, Ms. Avani, Ms. Deeksha, Ms. Iba

PG Volunteers-

Ms. Nidhi, Mr. Nihal, Mr. Shreyas, Ms. Keerthana, Ms. Shweta

Faculty Members

Dr. Srihari Sharma K N & Dr. Gayathri Poojary

Please come Donate & bring your Friends

Why Blood Donation:

Blood is the GOD's gift to all human beings. It is our primary / sacred duty to save the life of a person who accidentally is on the death bed, for want of blood.

You can also be a Blood Donor:

The requirement of blood is increasing. It is not a noble work to take money for the blood donated. Also, such blood donors may themselves be patients. As such, it is the primary duty of all able bodied persons in the society to donate blood at the times of necessity. Blood donation gives the person abundant satisfaction of saving a person. It will also give a divine pleasure of having arisen to the society's call. You do donate blood and encourage others also to become blood donors.

Please Note :

- Blood Donors should have finished their breakfast.
- Donors should be of age between 18 & 60 and also weigh a minimum of 45 Kgs. above.
- You should have peaceful mind when you reach the Blood Donation Venue
- Please ensure that you were not sick atleast one week before blood donation and also you are not on any strong medicines.
- You can donate blood in case you have completed 3 months after your last donation.
- Normally a person will have 5-6 liters of blood in their body. Only 350 to 450 Mls. of blood is drawn at the time of donation.
- We assure you that the Syringe used once will not be used for another person.
- You can start your routine work Half-an-hour after the blood donation.
- The blood donated by you will go only to the person really in need of the same
- Donors will be given the certificate for blood donation

After Blood Donation:

- You should not smoke for at least one hour
- You should not consume alcohol for at least 24 hours
- You should take more liquid food.
