Report on: Small Precaution, Big Protection! Prevent Filariasis

Date: 14th February 2025 | **Time:** 10 AM onwards

Location: Cheelur, Kanakapura

Total No. of Volunteers: 18

As part of the Unnat Bharat Abhiyan (UBA) and National Service Scheme (NSS) initiative, the NSS Committee of Dayananda Sagar University, in collaboration with the College of Physiotherapy, organized a door-to-door awareness program on Filariasis/Elephantiasis in Cheelur, Kanakapura. The objective of the event was to educate the local community about the disease, including its causes, symptoms, management, and preventive measures.

Program Highlights:

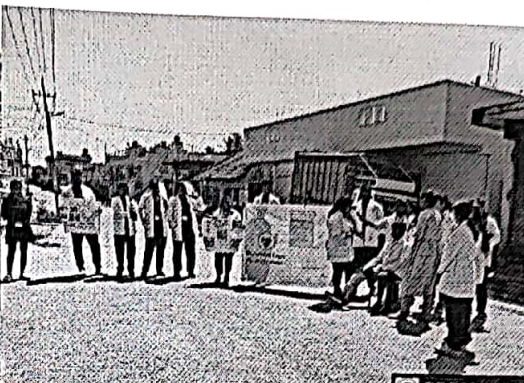

- Volunteers engaged with the villagers through door to door interactions to raise awareness about Filariasis.
- Placards and pamphlets were used effectively to convey key messages in a simple and engaging manner.
- A lively skit performed by students captivated the audience, making the event both informative and entertaining.
- The event witnessed active participation from the community, who showed great enthusiasm and interest in understanding and preventing the disease.

The collective efforts of our volunteers, along with the faculties Dr. Siddesh, Dr. Pramod and Mrs. Jyothi, and community members made this initiative a grand success. This event reinforced the importance of public awareness and early prevention in controlling Filariasis, ensuring a healthier future for all.
