

Report on Mega Blood Donation Camp:

Date: 11th March 2025

Time: 09:30 AM onwards

Venue: Block A, Main Campus, Dayananda Sagar University

Number of Participants: 30 Physiotherapy students + Faculty members

A Triumph of Humanity and Service

The Mega Blood Donation Camp at Dayananda Sagar University, held on 11th March 2025 at Block A, Main Campus, proved to be a resounding success, reflecting the compassionate spirit of students, faculty, and staff who came together for this noble cause. Organized by the Department of Student Affairs in collaboration with LG Electronics and Care, the event witnessed an overwhelming response from volunteers and donors alike. While students from various departments participated, this report highlights the commendable contribution of the College of Physiotherapy, whose students and faculty members played a significant role in making the event impactful.

A Selfless Act of Giving

The event commenced at 9:30 AM, with enthusiastic participation from students and faculty members who recognized the profound impact of blood donation. More than 30 Physiotherapy students came forward to donate blood, demonstrating their unwavering dedication to social responsibility and healthcare support. Faculty members, including Dr. Sai Bhavani, also joined hands in this noble endeavor, setting an inspiring example for students and reinforcing the ethos of service. Their commitment to healthcare extended beyond the classroom, as they actively contributed to this life-saving initiative.

A Collaborative Effort for a Life-Saving Cause

The success of the Mega Blood Donation Camp was made possible through the dedicated efforts of the Department of Student Affairs, which meticulously coordinated the event in partnership with LG Electronics and Care. Their commitment to this initiative played a crucial role in ensuring a seamless and well-organized drive, maximizing outreach and participation. CDSIMER Blood Bank served as the official blood bank partner, ensuring the collected units were stored and utilized efficiently for those in need.

The College of Physiotherapy took an active role in volunteering, assisting with donor registration, and spreading awareness about the importance of blood donation. Their hands-on involvement in both logistical and medical support reaffirmed their dedication to health and community service.

Encouraging Voluntary Blood Donation

Blood donation is more than just an act of kindness—it is a life-saving gesture that has the potential to make a difference in emergency medical situations. The camp aimed to promote awareness about the critical need for blood donation and to encourage individuals to come forward voluntarily. Every drop of blood donated contributes to saving lives, and this initiative served as a reminder of the profound impact of such small yet significant contributions.

Acknowledging the Contributions

All student donors and volunteers received **certificates of appreciation**, recognizing their valuable contribution to this cause. These certificates not only serve as a token of gratitude but also encourage young minds to continue participating in community-driven initiatives that promote social welfare.

A Call for Continued Participation

As this remarkable event concluded, the Department of Student Affairs extended heartfelt appreciation to all the coordinators, faculty members, and students who actively participated and contributed to making this camp a success. Together, we can make a difference—one donation at a time!
