

Event Report: "Revving Up Innovation: Exploring the Model Exhibition"

Theme: Community-Based Rehabilitation

Venue: Community-Based Rehabilitation Department

Date: February 17, 2024

Time: 2:00 PM - 4:00 PM

Total number of participants: 51

The "Revving Up Innovation: Exploring the Model Exhibition" held on February 17, 2024, at College of Physiotherapy, the Community-Based Rehabilitation Department was a vibrant showcase of creative solutions within the field of community-based rehabilitation (CBR). The event brought together participants from IV BPT, with a total of five teams presenting their innovative projects and ideas. The exhibition aimed to foster highlight pioneering approaches to addressing rehabilitation needs within local communities. Each team from IV BPT presented unique models, designed to enhance the delivery and effectiveness of community-based rehabilitation services. Overall, the "Revving Up Innovation: Exploring the Model Exhibition" was a resounding success, highlighting the potential for innovation to transform and elevate the practice of community-based rehabilitation. The event not only celebrated the achievements of the participating teams but also encouraged further exploration and advancement in this vital area of healthcare.
