On the occasion of National immunization day, the student of Dayananda Sagar College of Physiotherapy participated in the immunization program 27-2-2022 to 2-3-2022. 83 students were divided into a team of 4 and were assigned to each group their corresponding areas in and around NR Colony, Basavanagudi, and Kumaraswamy Layout. Students were briefed about the whole procedure and other camp activities by the BBMP staff on 27-2-22. Vaccine Vials, Tally Sheets, Polio Marker Pens and Vaccine Vial openers, Sanitizers, Masks, Gloves, Banners, Brochures were handed over to the team members also vaccine safety and other techniques were demonstrated. Students were participated in the survey of House to House activity involved the tally of number of children vaccinated, Number of children yet to be vaccinated. Vaccination was provided to the children who were not vaccinated previously. The houses surveyed were then marked by the students for identification. Every team was given a target to cover almost 150 houses each day (from 28/02/2022-2/03/2022) By the end of 4th day approximately 600 population were covered in and around Kumaraswamy layout and NR Colony.
